Harbert Realty Services Partners with The 601 W Companies to Sponsor the Rofeh Cholim Cancer Society Event in New York

Harbert Realty Services and The 601 W Companies partnered as sponsors and contributors to the Rofeh Cholim Cancer Society (RCCS). Since 1997, RCCS has played a significant role providing medical, financial, and emotional assistance for cancer patients and their families. RCCS provides patients and families with the most powerful tool of all: knowledge. Offering information about treatment options, hospital systems, and insurance plans, RCCS provides patients with key information so they can focus on what is most important: winning the fight. RCCS also provides insurance advocacy programs as well as financial aid to ensure the best care for struggling patients. Cancer awareness programs are also an important aspect of RCCS, promoting early detection. To learn more or to donate, please visit <https://www.rccscancer.org/>.

About The 601 Companies

The principals of 601W oversee one of America's leading private real estate acquisition, ownership, development and management portfolios in the country. Over the past 15 years, 601w has acquired a number of substantial and well-known commercial properties throughout the country, aggregating 24 million square feet, with a collective value in excess of \$5 billion. In relation to these deals, 601w has raised more than \$1 billion in equity, mostly from longstanding investors, and has consummated transactions involving 32 major office buildings, including 11 in Manhattan.
